COSMIC

Stimulation, relaxation, comfort...
the bathroom reintroduces us to
ourselves through objects that
transcend the merely functional.

Activarse, relajarse, sentirse cómodo...
en el baño nos reencontramos con
nosotros mismos, a través de una
serie de objetos que trascienden lo
meramente funcional.

Plant resins: this is the first ecologically sustainable solid surface derived from plant resins mixed with highly pure natural minerals. Some 30% of the resin component, formerly of fossil origin, has been replaced with polyesters of plant origin from certified growers.

Resinas de origen vegetal: es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal mezcladas con minerales inertes y naturales de extrema pureza. El 30% de la resina, anteriormente de origen fósil, ha sido substituida por poliésteres de origen vegetal procedentes de cultivos certificados.

Matching items. The washbasin may be installed alone or attached to a one-drawer unit. Another lower module with a shelf or removable dish may be added to the set.

Elementos combinables. Se puede instalar el lavabo sólo o unido a un mueble de un cajón. Al conjunto se le puede añadir otro módulo inferior con estante o bandeja extraíble.

Non-GMO: VOC (Volatile organic compounds) and BIO-BASED points awarded for the eco-sustainability certificate "Leadership in Energy and Environmental Design". This material has been certified as containing resins derived from vegetable starches and non-GMO corn. While the minimum requirement is 5%, these resins reach 12% in our product. 100% Recyclable: can be replaced and used at the end of life as inert.

Sin OGM: es un material idóneo para obtener puntuación VOC (Compuestos Orgánicos Volátiles) y BIO-BASED para el certificado de eco-sostenibilidad "Leadership in Energy and Environmental Design". El material obtuvo el certificado que confirma que las resinas derivan de almidones vegetales y maíz sin OGM (organismos genéticamente modificados); en el material, dichas resinas superan incluso el 12%, cuando el requisito mínimo es normalmente del 5%. Reciclable 100%: puede ser reemplazado y utilizado al final de la vida como inerte.

Practical container to store water for various purposes, such as shaving.

Práctico contenedor para retener el agua para ciertos usos como el afeitado.

Less CO₂: 30% lighter which not only allows for easier manipulation and installation but produces less CO₂ than other similar products.

Menos CO₂: composición muy ligera, ha reducido su peso específico en un 30%, produciendo, por tanto, menos CO₂ con respecto a productos similares disponibles actualmente en el mercado, además de facilitar su manipulación e instalación.

Space optimisation thanks to the moveable smoked glass dividers.

Optimización del espacio gracias al sistema de separadores móviles en vidrio fumé.

Furniture | Muebles

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Modules with fixed shelf or sliding drawer.

Módulos con estante fijo o cajón deslizante.

Push open & soft close: Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Push open & soft close: Apertura y cierre amortiguado con guías de extracción total ocultas. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Possibility to incorporate LED lighting (which lights up automatically on opening the drawer), sockets and 2x15 W stereo speakers with Bluetooth connection.

Possibilidad de incorporar luz LED que se ilumina automáticamente al abrir el cajón, enchufes y altavoces estéreo con conexión Bluetooth de 2x15W de potencia.

4.8 W LED wall lamps with a 4000 k neutral white light (not cold) and transformer hidden in the supporting bracket.

Apliques LED con una luz neutra (no fría) de 4000k y de 4,8W de potencia y transformador oculto en el brazo del soporte.

The Grid range has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Mirror cabinets with fumed glass shelves.

Armarios espejo con estantes en cristal fumé.

A new evolution for a bathroom furniture collection inspired by changing architectural trends, which contains new washbasins and innovative features.

Evolución de una colección de muebles para el baño de inspiración arquitectónica que incorpora nuevos lavabos y funcionalidades.

The Grid Evo

Design by Ricard Ferrer

Washbasins with rectangular sinks and gable. The Solid Surface material, which has no mineral additives, offers more flexibility when creating different shapes and surfaces. Its properties include excellent shock resistance and UVB resistance. In addition, its colour remains unalterable for years, without yellowing. It is also resistant to marks from some cosmetic and beauty products.

Lavabos con faldón de seno rectangular. Se trata de un Solid Surface sin aditivos minerales que da al producto una mayor flexibilidad en la creación de formas y superficies. Entre sus peculiaridades destaca que tiene una excelente resistencia al impacto y a los rayos UVB y que mantiene su color original a lo largo de los años, sin amarillear. Es resistente a la absorción de ciertos cosméticos y productos de belleza.

Modules with fixed or sliding shelf.

Módulos con estantes fijos o deslizantes.

Square and round countertop washbasins made with Cristalplant®, which offers new design possibilities. Cristalplant® is a material made of a high percentage of natural minerals (alumina trihydrate [ATH] derived from bauxite) and a low percentage of high-purity polyester polymers and acrylics. Optimum resistance to UV rays.

Lavabos de sobre-encimera cuadrados y redondos fabricados en Cristalplant®, que ofrecen nuevas posibilidades de diseño. El Cristalplant® es un material compuesto por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza. Óptima resistencia a los rayos ultravioletas.

The Grid Evo range has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **The Grid Evo** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

White Cristalplant® or black Fénix® countertops.

Encimeras blancas de Cristalplant® o negras de Fénix®.

New black Fénix® washbasin tops. Soft touch material and high performance: micro-scratch thermal reparability, anti-fingerprint, scratch resistance, high resistance to solvents and low light reflectivity.

Nuevas encimeras negras de Fénix®. Material suave al tacto y de elevadas prestaciones: reparabilidad térmica de micro-arañazos, anti-huella digital, resistencia a los arañazos, alta resistencia a los disolventes y reflectancia mínima a la luz.

Black, white or chrome trap to match the structure.

Sifones en acabados negro, blanco y cromo a juego de las estructuras.

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. Lacquered finishing and high quality laminate. Colours unalterable over time.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados lacados y chapados de alta gama. Los tonos se mantienen inalterables a lo largo del tiempo.

Mod

Design by **Cosmic Studio**

PVC finish in Mocha, American Walnut and Matte White.

Acabados en PVC en Mocca, Nogal Americano y Blanco mate.

Large pieces, 55cm deep and 50cm tall. 2-drawer washbasin models available in 60, 80 and 100cm, which can be combined with 40cm additional modules with 1 door (opening to the right or left). Easy wall fixing & adjustable attachment systems.

Muebles amplios, con profundidad de 55 cm y altura de 50 cm. Módulos de 2 cajones para lavabo de 60, 80 y 100 cm, que se pueden combinar con módulos auxiliares de 40 cm con 1 puerta (a izquierda o derecha). Fácil anclaje a pared y sistemas de fijación regulables.

Units include an optional storage systems such as containers, dividers and a hanging wastebaskets.

Módulos que integran sistemas opcionales de almacenaje y orden como containers, separadores y papellera.

Rectangular single or double sink in glossy white finish, with overflow. Made with Solid Surface, with no mineral additives, which offers more flexibility when creating different shapes and surfaces. Its properties include excellent shock resistance and UVB resistance. In addition, its colour remains unalterable for years, without yellowing. It is also resistant to marks from some cosmetic and beauty products.

Lavabos de uno o dos senos de forma rectangular y en acabado blanco brillo, con rebosadero. Fabricados en Solid Surface sin aditivos minerales que da al producto una mayor flexibilidad en la creación de formas y superficies. Entre sus peculiaridades destaca que tiene una excelente resistencia al impacto y a los rayos UVB y que mantiene su color original a lo largo de los años, sin amarillear. Es resistente a la absorción de ciertos cosméticos y productos de belleza.

The drawers, with a handle, are completely removable to let the most pleasant use. The front parts of the doors do not have handles thanks to the Touch Latch Senso® (Push-Open) opening system.

Los cajones, con tirador integrado, se extraen totalmente permitiendo un uso más cómodo. Los frontales de los muebles están libres de tiradores gracias al sistema de apertura Touch Latch Senso® (Push-Open).

Self & soft close with new rail system which can be completely removed. The long lasting durability of drawers is assured by quality control tests (up to 20,000 times).

Apertura y cierre amortiguado con guías de extracción total ocultas soft & self close. La durabilidad de los cajones está asegurada ya que han superado con éxito hasta 20.000 ciclos en los test de control de calidad.

Leg set (optional).

Patas opcionales.

Eco friendly: furniture made in Spain with certified wood board following the chain of custody in forestry. High quality laminate.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada conforme la cadena de custodia de productos forestales. Acabados laminados de alta gama.

Mod has successfully passed the high demanding tests of long-lasting durability and resistance to extreme uses (static charge or impact testing) to assure long-lasting durability of the product.

Toda la gama **Mod** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Eye-catching ornamental glass.

Vidrio ornamental acanalado con rayas verticales que aportan un juego de sombras y brillos que dan elegancia y modernidad al baño.

ORNAMENTAL
GLASS FRONT
FRONTAL VIDRIO
LACADO ACANALADO

Furniture from the Wish series was created for the most demanding users. The ornamental elements present in the collection have unique decorative qualities.

The symmetrical design of the cabinets from the Wish collection has been refined with vertical stripes of ornamental glass.

Los muebles de la serie Wish fueron creados para los usuarios más exigentes. Los elementos ornamentales presentes en la colección tienen cualidades decorativas únicas.

El mueble de 2 cajones de la colección Wish se ha decorado con cristal ornamental texturado con rayas verticales.

Metal sides of the drawers with full extension and the Soft Close system ensure easy access to the contents as well as quiet and gentle closing.

Los laterales metálicos de los cajones con extracción total y el sistema Soft Close garantizan un fácil acceso al contenido, así como un cierre suave y silencioso.

A flexible range of two drawers cabinet of three sizes 60,80 and 100 CM, that combines with two types of basins: built-in basin and counter-top basin.

Gama flexible de muebles de dos cajones en 3 medidas, 60, 80, y 100 cm, que pueden combinar con un lavabo integrado o de sobre encimera.

Large countertops of 140 and 160 CM are also available for furniture combinations of 60+80 CM, 100+60 CM and 80+80 CM.

También disponible encimera de grandes dimensiones de 140 y 160 CM para combinaciones de muebles de 60+80 CM, 100+60 CM y 80+80 CM.

ORNAMENTAL GLASS

Unlike the clear (float) glass, during the manufacturing process, the ornamental glass passes through two laminating rolls out of which one is etched with a motif.

VIDRIO ORNAMENTAL

A diferencia del vidrio transparente (flotado), durante el proceso de fabricación, el vidrio ornamental pasa a través de dos rollos de laminación, de los cuales uno está grabado con un motivo.

VITREOUS CHINA COUNTERTOP WASHBASIN

The washbasin is made in a traditional way, it is characterized by high durability, resistance to abrasion and chemical agents. They are available in 5 colours: glossy white, matt smoked, matt black, matt green and matt blue.

LAVABO DE CERÁMICA

El lavabo está hecho de forma tradicional, se caracteriza por una alta durabilidad, resistencia a la abrasión y agentes químicos. Disponibles en 5 colores: blanco brillo, fumé mate, negro mate, verde mate y azul mate.

MÁRMOL CALACATTA Y MARQUINA

Encimeras de piedra natural compacta de 2 cm en acabado mate con acabado de impresión digital. La encimeras se fabrican procesando materias primas naturales compuesta por 95 % marmol natural molido, 4,8% resina ortoftálica de poliéster insaturada, 0,2% colorantes. La piedra compacta, como material natural, puede presentar marcas leves y variaciones de color, tonalidad y en su textura.

Los artículos fabricados con estos materiales son resistentes a los Cambios de temperatura, agentes químicos y resistentes a productos de limpieza según lo que establecen las normas UNE - EN 14527 y UNE-EN 14688.

CALACATTA AND MARQUINA MARBLE

2 cm compact natural stone countertops in matt finish with digital printing finish. The countertops are manufactured by processing natural raw materials composed of 95% ground natural marble, 4.8% unsaturated polyester orthophthalic resin, 0.2% dyes. Compact stone, as a natural material, may present slight marks and variations in colour, tone and texture.

The articles manufactured with these materials are resistant to changes in temperature, chemical agents and

resistant to cleaning products according to the provisions of UNE - EN 14527 and UNE-EN 14688.

HIGH PRESSURE COMPACT MARBLE

It is an innovative 1.5 cm technological polymer material, made up of a mixture of high-quality mineral fillers and manufactured under high pressure, combined with a high-performance color synthetic coating based on state-of-the-art nanoparticles, which gives it high antibacterial properties, impermeability with great resistance to scratches, stains and chemical agents, as well as a matte finish with a soft and silky texture that is very easy to clean.

MÁRMOL COMPACTO DE ALTA PRESIÓN

Es un novedoso material polímero tecnológico de 1,5 cm, compuesto por una mezcla de cargas minerales de alta calidad y fabricado a alta presión, combinado con un recubrimiento sintético color de alto rendimiento a base de nano partículas de última generación, lo que le confiere altas propiedades antibacterianas, impermeabilidad con gran resistencia a los rayados, manchas y agentes químicos, además de un acabado mate con textura suave y sedosa de muy fácil limpieza.

B-Best

Design by **Jaume Juan**

Washbasins in different shapes and materials and up to 4 furniture models of 60, 80, 100 or 120 cm with a casual design: rectangular basin in porcelain and rectangular basin in teckstone with a space for accessories.

Lavabos de formas y materiales diferentes y hasta 4 modelos de mobiliario de 60, 80, 100 o 120 cm con un diseño desenfadado: seno rectangular en porcelana y seno rectangular en teckstone con un espacio destinado a los accesorios.

Create a comfortable atmosphere
to share the room.

Crea un ambiente comfortable
donde compartir el espacio.

B-Best is a furniture collection with washbasin designed for people who seek the comfort and functionality of everyday's life: the frenetic rhythms of life, the morning rush, and moments of relaxation at the end of the day; without forgetting design and aesthetics. People who perceive functionality in simplicity and minimalism, and beauty in order and harmony.

A collection with 6 finishes to choose from, so that your bathroom is completely yours.

B-Best es una colección de mobiliario con lavabo pensada para personas que buscan la comodidad y practicidad del día a día: de los ritmos de vida frenéticos, las prisas de la mañana, y los momentos de relax al final del día; sin dejar de lado el diseño y la estética. Personas que perciben la funcionalidad en la sencillez y el minimalismo, y la belleza en el orden y la armonía.

Una colección que cuenta con 6 acabados a escoger, para que tu baño sea tuyo.

When centimetres count, you don't have to give up design and functionality. With B-Best you can choose between 4 models of furniture and 2 washbasins, in different sizes to suit you and your needs.

Cuando los centímetros cuentan, no tienes por qué renunciar al diseño y funcionalidad. Con B-Best puedes escoger entre 4 modelos de muebles y 2 lavabos, de tamaños diferentes que se adaptan a ti y a tus necesidades.

Compact

Design by **Cosmic Studio**

Optimum ultraviolet resistance: compact, non-porous, hygienic, resistant and pleasant to the touch thanks to the velvety finish, similar to natural stone.

Óptima resistencia a los rayos ultravioletas: es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

CRISTALPLANT

5

YEARS
GUARANTEE
AÑOS
GARANTÍA

Durable and recoverable: this material regains its original appearance using soapy water and a scrubber which will eliminate even cigarette burns. The durable and recoverable nature make this is an eco-compatible material.

Duradero y recuperable: material que puede recuperar completamente su aspecto original utilizando simplemente detergentes y estropajos abrasivos para eliminar incluso las quemaduras de cigarrillo. Sus propiedades de duración y capacidad de recuperación lo convierten en un material eco-compatible.

Highly fire resistant: the material is practically fireproof, with Class 1 fire resistance rating.

Alta resistencia al fuego: es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1.

Easy wall fixing. Integrated drawer.

Fácil anclaje a pared. Cajón Integrado.

Compact has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Compact** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

Fancy

Design by **Cosmic Studio**

A **solid surface** with a high percentage of natural mineral deposits. It stands out for its glossy feel and its durability. It is a fireproof material, compact and non-porous and both hygienic and resistant. Available in solid matt white.

Un **solid surface** con un alto porcentaje de cargas minerales naturales. Destaca por su tacto satinado y su durabilidad. Es un material ignífugo, compacto y no poroso, higiénico y resistente. Disponible en blanco mate homogéneo.

PROPERTIES / PROPIEDADES

Resistant: Durable surface, easy to maintain and renewable.

Resistente: Superficie duradera, con fácil mantenimiento y renovable.

Chromed self-cleaning trap.

Sifón autolimpiante que evita la sedimentación de restos.

Rounded corners to let easy maintenance.

Ángulos redondeados que facilitan la limpieza.

Homogeneous: The color and texture of this material are homogeneous throughout its thickness and do not suffer wear.

Homogéneo: El color y la textura de este material son homogéneos en todo su espesor y no sufren desgaste.

Hygienic: It is a non-porous material, totally solid and can be transformed with completely invisible joints. That is why it is a very hygienic surface.

Higiénico: Es un material no poroso, totalmente macizo y se puede transformar con juntas completamente invisibles. Por eso es una superficie muy higiénica.

High quality laminate finishes.

High resistance to abrasion, waterproof and easy maintenance. Colours unalterable.

Acabados laminados de alta gama.

Gran resistencia a la abrasión, impermeables y de fácil limpieza. Los tonos se mantienen inalterables a lo largo del tiempo.

Repairable: This surface is renewable, which means that many of the damages that can occur can be removed using a damp wet sandpaper. On the other hand, the most serious damages can be repaired without having to replace the entire material.

Reparable: Esta superficie es renovable, lo que significa que muchos de los daños que pueden producirse se pueden eliminar utilizando una lija al agua humedecida. Por otra parte, los daños más graves pueden ser reparados sin tener que reemplazar la totalidad del material.

Eco friendly: furniture made in Spain with certified wood board (PEFC/FSC) following the chain of custody in forestry.

Producto ambientalmente responsable: muebles fabricados en España con tableros de madera certificada (PEFC/FSC) conforme la cadena de custodia de productos forestales.

Non-toxic: It is an inert and non-toxic material. Under normal temperature conditions, it does not emit gases.

No tóxico: Es un material inerte y no tóxico. Bajo condiciones normales de temperatura, no emite gases.

Fancy has successfully passed the high demanding tests of long last durability and resistance to extreme uses (static charge or impact testing) to assure long last durability of the product.

Toda la gama **Fancy** ha superado con éxito exigentes tests de durabilidad y resistencia a usos extremos (cargas estáticas o test de impacto), para asegurar una larga vida al producto.

FINISHES / ACABADOS

Blanco mate y blanco brillo: Ambos acabados se consiguen tras pulir la superficie compacta consiguiendo así un aspecto cualitativo.

Deep

Freestanding bathtub with spacious interior for moments of relaxation.

Bañera exenta de generosas dimensiones interiores para los momentos de relax.

Features

Non-porous material, which prevents the accumulation of bacteria and dirt.

Easy to clean and maintain, more hygienic.

Características

Material no poroso, por lo que evita la acumulación de bacterias y suciedad.

Fácil limpieza y mantenimiento, más higiénica.

Synthetic resin: Material made of a high percentage of natural minerals [alumina trihydrate (ATH) derived from bauxite] and a low percentage of high purity polyester polymers and acrylics Optimum resistance to UV rays.

Resina sintética: material compuesto por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza. Óptima resistencia a los rayos ultravioletas.

Light

Design by **Cosmic Studio**

Remote controlled applies with bi-LED technology, to regulate intensity and warmth.

Aplique con tecnología bi-LED, que incluye mando para regular la intensidad y calidez de la luz.

Conceived to illuminate bathroom atmospheres with the focus on the environment not the light source. Sober, subtle shapes that become one with the components.

Concebido para iluminar ambientes de baño resaltando el entorno y no la fuente de luz. Formas sobrias sin estridencias que se suman al conjunto de elementos.

The first open system for bathrooms by Cosmic.

No two people are alike: neither are our bathrooms. A system that adapts fully to suit your space, needs and dreams. No standards, no limits.

El primer 'open system' de baño de Cosmic.

Ninguna persona es igual a otra: tampoco lo son nuestros baños. Un sistema completamente adaptable a tu espacio, necesidades y sueños. Sin estándares ni límites.

Create your bathroom with the Mobius configuration tool
Crea tu baño con el configurador Mobius

10 designs with customised measurements

10 diseños con medidas personalizadas

A wide range of openings and formats, integrated handles on the front, external handles in various finishes, push opening, curved designs, textured fronts, etc.

Una amplia gama de conceptos de apertura y formas, tiradores integrados en el frontal, tiradores externos con diferentes acabados, apertura push, diseños con geometrías redondeadas, frontales con texturas...

+1500 units you can adjust to the millimetre

+1500 módulos que podrás definir al milímetro

Different types of vanity units that fit beneath washbasins or countertops, as well as columns and side units.

Diferentes tipologías de módulos bajo lavabo y bajo encimera. También columnas y auxiliares.

+ 2000 finishes

+ 2000 acabados

Available in 6 materials: Fenix, lacquered, solid wood, technical decorative, veneer, etc.

En 6 materiales: fenix, lacados, maderas macizas, decorativos técnicos, chapas, etc.

4 types of mirrors with a wide range of designs and features

4 tipologías de espejos, con una amplia gama de diseños y prestaciones

4 types of mirrors: square or round with the choice of perimeter or side lighting and different extras. Bluetooth speakers, demister, speakers, adjustable light temperature and intensity.

4 tipologías de espejos, redondos o cuadrados con posibilidad de luz perimetral o lateral y diferentes extras. Altavoces con *Bluetooth*, antivaho, altavoces, regulación de temperatura de luz o de intensidad.

12 washbasin designs in different materials

12 diseños de lavabos con diferentes materiales

4 materials for tailored washbasins and countertops.

4 materiales para lavabos y encimeras a medida.

Fenix®

Fenix®

10 FINISHES
10 ACABADOS

An innovative nanotechnological material characterised by its spectacular ultra-matte finish and deep colours. Fenix® is anti-fingerprint, smooth to the touch, anti-mould, features thermal healing properties to remove micro-scratches, and its low light reflectance provides an extremely matte finish.

Un material innovador nanotecnológico que se caracteriza por su espectacular acabado ultra mate y sus profundos colores. Fenix® tiene propiedades anti huellas, suave al tacto, antimoho, destaca por su reparabilidad térmica de microarañazos y su baja reflectancia a la luz lo que le confiere un acabado extremadamente mate.

HIDDEN SLIDE
GUIA OCULTA

FULL-EXTENSION DRAWER
CAJÓN EXTRACCIÓN TOTAL

- The size of the slide depends on the depth of the unit.
- High-quality Hettich metal drawers in an anthracite finish with full-extension slides, which allow smooth and steady self-closing, with no noise or banging.
- Wooden back panel in anthracite finish in different heights.
- The slide grows with the drawer, increasing the storage capacity compared to a traditional slide.
- El tamaño de la guía depende de la profundidad del mueble.
- Cajones metálicos de alta calidad Hettich en acabado antracita y con guías de extracción total, que permiten el cierre automático y progresivo, evitando golpes y ruidos.
- Trasera de madera acabado antracita con diferente altura
- La guía crece con el cajón aumentando la capacidad de almacenaje respecto a una guía tradicional.

Materials

FLOAT GLASS (Flat shelves and washbasin tops)

Made using standard FLOAT type glass that has undergone no subsequent treatment other than the necessary machining, cutting and polishing. Therefore, it is a naturally fragile material and despite the fact that the most appropriate density has been used in every case, special care should be taken when using it. 100% recyclable.

PRESSED GLASS

(Most of the glasses and soap dishes in our collection)

A very similar material to the FLOAT glass used for the shelves, glasses, and soap dishes, etc. This molten glass is shaped in a mould. These products should be used and cared for in the same way as the shelves and washbasin tops. 100% recyclable.

TEMPERED GLASS

This material is manufactured similarly to FLOAT glass, but also undergoes a thermal processing to increase its resistance. 100% recyclable.

MIRRORS

Sheet of glass covered by layers of silver, copper and, finally, paint. The use of topquality raw materials in conjunction with the correct mirror manufacturing process guarantee maximum protection against stains caused by corrosion.

SYNTHETIC RESIN

Is a technologically advanced and unique compound, made up of high percentage of mineral extenders from nature (ATH derived from bauxite) as well as a small one of high-pureness polyester and acrylic polymers; therefore, it is an inert, hypoallergenic and non-toxic material. 100% recyclable, practically fireproof (class 1), strongly UV-resistant, solid and nonporous, hygienic and healthy, resistant and agreeable to the touch for its velvety and natural.

CRISTALPLANT BIOBASED®

Material made up of 50% natural minerals (aluminium trihydrate -ATH- derived from bauxite) and 50% high-purity polyester bioresins. Plant resins; this is the first ecologically sustainable solid surface, consisting of resins of plant origin and extremely pure natural minerals. It is an inert, hypoallergenic, non-toxic material. It is practically inflammable, certified Class 1 fire resistance. It is highly resistant to ultraviolet rays. It regains its original appearance with just soapy water and a scrubber.

PHENOLIC RESIN

This material is a high pressure laminate (HPL) with a decorative surface. Typically the superficial layer consists of thermo-hardened resin-treated plywood. The special texture and durability of this material makes it very resistant to impact and scratching, and it is completely waterproof. Specially designed for use in places where hygiene is of the utmost importance, this material can be cleaned frequently with active detergents, chemical agents, or organic solvents.

VENEERED WOOD

MDF boards + oak veneer varnished with fine quality materials to prevent yellowing. Oak wood is a material that is very resistant to biological agents (fungus and insects). As this kind of material is natural wood, it may present knots and color variation.

LACQUERED WOOD

This material is made from double-faced MDF plywood. Its high quality varnish provides a bright or matte finish and prevents yellowing. Due to its delicate lacquered surface, we recommend the use of mild cleaning products, avoiding solvents or any abrasive substances.

PVC

Polyvinyl chloride (PVC) is a polyvinyl chloride polymer used to manufacture numerous products and is also applied in making boards, panels, windows, shutters, etc. Its durability, colour stability, watertightness and moisture proof properties make PVC an ideal material for bathroom and kitchen furniture. The material can be cleaned quickly and easily with just soap and water, although its resilience means most cleaning products can also be used.

PLASTIC

We use various technical plastics with different features to meet the manufacturing and aesthetic needs of each product. These include ABS (with or without chrome), PP, PA, PE, PC, PS, etc.

ACRYLIC GLASS

The polymethylmetacrylate (PMMA) is known as one of the "engineering plastics", and is obtained through the polymerisation of methyl methacrylate. It stands out from other plastics due to the fact that it is impact resistant, weather resistant—as it does not undergo any significant ageing in ten years of outdoor exposure—resistant to UVA rays and scratch resistant. Due to its absolute transparency (it is the most transparent plastic), it is most commonly used in vehicle headlights, optics, medicine or partition panels. For use in architecture and decoration, it is lighter than glass and provides greater resistance to impact, meaning it can be a good substitute in many situations.

STAINLESS STEEL

It is an alloy of iron and carbon. Steel maintains the iron hardness characteristics. This steel has a special chrome treatment against the rust and oxidation. The used alloys are SS201 & SS304.

BRASS OR SIMILAR ALLOYS (glossy chrome and matt chrome)

A copper and zinc alloy—this is one of the non-ferrous metals, the proportion of which varies according to its use. It offers greater malleability than both copper and zinc separately, and it is easily refined which allows for a high level of design customization.

ALUMINUM

Aluminium alloy. May be presented as solid, extruded and calibrated. Aluminium is an important metal for numerous industries, such as the automotive industry where it is most common. It is generally a soft metal with low melting points.

GLASS-LINED STEEL (VIT-TECH)

Cutting-edge, 100% recyclable, non-porous and hygienic material made of fired pre-enamelled sheet steel. The vitreous enamel withstands corrosion, high temperatures and chemical agents. This durability means it can be used for a wide range of functional applications in bathtubs, shower trays and washbasins, as well as for ovens and coatings. It is an easy to clean material that does not require special cleaning products.

TECKSTONE

Advanced formula composed by natural minerals (calcium carbonate and quartz) mixed with resin. The surface is covered by Gelcoat Premium Maxguard™ film, with plastic fibre and polymer, which provides the needed durability and resistance for an intensive daily use. It is a solid surface with excellent physic-mechanical properties that supplies important design possibilities. Its capacity of moulding allows reproducing forms with a great precision and with less curvature radius. Teckstone is very hard, resistant and compact; being a non porous material and without angles, it is very easy to maintain, the stains can be eliminated without effort and it is easy to clean.

MARBLE

Carrara Marble. Extracted from Italy's Tuscan quarries, each piece of marble is different and each stone has its own unique characteristics. Its white background has distinctive light blue-grey veins running through its surface.

Marquina Marble. Elegant and classic, each piece of marble is different and every stone has its own characteristics. Extracted from the quarries sited in Marquina (Vizcaya), it is characterized by its white veins on the black stone. The less veins it has, more appreciated is.

Brescia Marble. (Brown matt and glossy) from the region of Lombardy (Italy). It is considered as one of the most sumptuous Italian marble.

PORCELAIN

Ceramic product obtained from a sophisticated paste made up of kaolin, feldspar and quartz. Porcelain is treated with a vitrified top finish for surface hardness, colour and sheen. It is non-porous and hygienic, which makes it suitable for use in the bathroom. The vitrified finish means that it can be cleaned with any bathroom-specific product.

FÉNIX®

Soft touch material and high performance: micro-scratch thermal reparability, anti-fingerprint, scratch resistance, high resistance to solvents and low light reflectivity. FÉNIX® products are made of paper (more than 60%) and thermosetting resins (30-40%). They are created through a pressure process in which heat and pressure are applied simultaneously to obtain a homogeneous non-porous product. The core structure is made of paper, impregnated with thermosetting resins. The outer surface is treated with the latest generation acrylic resins, hardened and set using the Electron Beam Curing process. It does not require any special maintenance, just a damp cloth with warm water or mild detergents. To remove the most common stains the surface can be cleaned with just warm water and a non-abrasive cloth. If the residue is old or has hardened, use a magic eraser sponge or a soft cloth to remove it. Always rinse thoroughly to remove detergent with clean, preferably warm water. Tests have shown that the removal of superficial micro-scratches using a "magic sponge" takes place both immediately and after 24 hours.

SOLIDMAT

A solid surface with a high percentage of natural mineral deposits. It stands out for its glossy feel and its durability. It is a fireproof material, compact and non-porous and both hygienic and resistant. Available in solid matt white.

CLEANING INSTRUCTIONS

Clean with a liquid domestic cleaner or with soap suds. Afterwards rinse with clear water and polish with a cloth. Do not use any cleaning agents containing acid or scouring agents. Damage caused by improper treatment is not subject to our guarantee.

Materiales

VIDRIO FLOAT (Estantes y encimeras)

Realizado con vidrio tipo FLOAT estándar sin ningún otro tratamiento posterior más que la mecanización, corte y pulido necesarios. Se trata, pues, de un material que por su propia naturaleza es frágil y a pesar de que en cada caso se ha utilizado el espesor más adecuado, debe tenerse un especial cuidado en su uso. 100% reciclable.

VIDRIO PRENSADO (Vasos y jaboneras de la mayoría de nuestras series)

Material muy similar al vidrio FLOAT utilizado en estantes, vasos, jaboneras... Este vidrio fundido es conformado en un molde. El uso y cuidados deben ser los mismos que para estantes y encimeras. 100% reciclable.

VIDRIO TEMPLADO

Vidrio FLOAT sometido a tratamiento térmico para aumentar su resistencia. 100% reciclable.

ESPEJOS

Plancha de vidrio sobre la que se aplica una capa de plata, cobre y finalmente pintura. El uso de materia prima de primera calidad, unido a un correcto proceso de fabricación de los espejos, aseguran la mayor protección contra las manchas por corrosión.

RESINA SINTÉTICA

Es un material compuesto tecnológicamente avanzado y único, formado por un porcentaje elevado de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un bajo porcentaje de polímeros poliésteres y acrílicos de gran pureza; se trata, por lo tanto, de un material inerte, hipoalérgico y no tóxico. Es un material que puede reciclarse al 100%, prácticamente ignífugo (clase 1), con una óptima resistencia a los rayos ultravioletas; es compacto, no poroso, higiénico, resistente y agradable al tacto gracias a su acabado aterciopelado, similar al de la piedra natural.

CRISTALPLANT BIOBASED®

Material compuesto formado por un 50% de minerales naturales (trihidrato de aluminio -ATH- derivado de la bauxita) y un 50% de biorresinas de poliéster de gran pureza. Es el primer solid surface eco sostenible que deriva de materias primas resinosas de origen vegetal, procedentes de cultivos certificados, mezcladas con minerales naturales de extrema pureza. Es un material inerte, hipoalérgico y no tóxico. Es prácticamente ignífugo, con certificado de resistencia al fuego Clase 1. Presenta una óptima resistencia a los rayos ultravioletas. Puede recuperar completamente su aspecto original utilizando simplemente agua jabonosa y estropajos abrasivos.

RESINA FENÓLICA

La Resina Fenólica o Stratificato es un laminado de alta presión (HPL) con superficie decorativa. En general, la capa superficial está constituida por una superficie dura, basada en resinas de melamina, mientras que el grueso está constituido por un contrachapado impregnado de resina termo endurecida que le confiere al material una excepcional resistencia al impacto. Su especial textura y su durabilidad proporcionan una excelente resistencia al rayado. Gracias a su superficie perfectamente impermeable es un material resistente al desgaste, al agua y al vapor.

MADERA CHAPADA

Tableros de DM + chapa de roble barnizado con materiales de primera calidad que evitan el amarillamiento. La madera de roble es un material muy resistente a los agentes biológicos (hongos e insectos), al ser una madera natural puede mostrar nudos y presentar variaciones de color entre piezas.

MADERA LACADA

Tablero DM melaminado dos caras y lacado en acabados brillo y mate con barnices de primera calidad resistentes y que evitan el amarillamiento. Las superficies lacadas son delicadas y deben ser tratadas y limpiadas cuidadosamente, utilizando productos específicos para estas superficies. No usar nunca disolventes o productos abrasivos.

PVC

El cloruro de polivinilo (PVC) es un polímero de cloruro de vinilo que se emplea para la fabricación de multitud de productos, encontrando aplicación en la realización de tableros, paneles, ventanas, persianas, etc. La larga durabilidad, estabilidad del color, estanqueidad al agua y resistencia a la humedad, son las características que hacen del PVC un material idóneo para muebles de baño y de cocina. La limpieza de este material es fácil y rápida y se realiza con agua y jabón, aunque por su resistencia permite el empleo la mayoría de productos de limpieza.

PLÁSTICO

Cosmic utiliza plásticos técnicos de distintas características en función de las necesidades de fabricación y estéticas de cada producto o pieza. Entre los plásticos utilizados están: ABS (cromado o no), PP, PA, PE, PC, PS, etc.

CRISTAL ACRÍLICO

El Polimetilmetacrilato (PMMA) es conocido como uno de los "plásticos de la ingeniería", se obtiene de la polimerización del metacrilato de metilo. Destaca frente a otros plásticos por la resistencia a los impactos, a la intemperie, ya que no sufre un envejecimiento apreciable en diez años de exposición exterior y a los rayos UVA, y por la resistencia al rayado. Por su transparencia máxima (es el plástico más transparente), las funciones más habituales van desde los faros de los vehículos, la óptica, la medicina o mamparas separadoras. Para su uso en la arquitectura y decoración se beneficia de un peso menor al del vidrio y mayor resistencia a impactos por lo cual puede ser un buen sustituto en muchas ocasiones.

ACERO INOXIDABLE

Aleación de hierro con carbono que conserva las propiedades de dureza del hierro. Se trata de un acero con un tratamiento especial de cromo, contra la corrosión y oxidación. Las aleaciones utilizadas son la SS303 y SS304.

LATÓN O ALEACIONES ANÁLOGAS (cromo brillante y cromo mate)

Aleación de cobre y zinc, es uno de los metales no férricos, cuya proporción varía en función de su aplicación. Destaca su maleabilidad, más alta que la del cobre y zinc por separado, y fácil pulido lo cual permite un alto grado de adaptación en el diseño de las piezas.

ALUMINIO

Aleación de aluminio. Se puede presentar como macizo extrusionado, estirado y calibrado. El aluminio es un metal importante para una gran cantidad de industrias, como la del automóvil, donde se utiliza habitualmente. Tiende a ser blando y presenta puntos de fusión bajos.

ACERO VITRIFICADO (VIT-TECH)

Material tecnológicamente avanzado y 100% reciclable que nace de la cocción de una superficie de acero esmaltada previamente. Es un material no poroso, higiénico y resistente a la corrosión, a las altas temperaturas y a agentes químicos debido a la naturaleza vítrea del esmalte. Esta característica le confiere una gran dureza permitiendo una amplia gama de aplicaciones en bañeras, platos de ducha y lavabos así como hornos y revestimientos. Es un material de fácil limpieza que no requiere la utilización de productos de limpieza específicos.

TECKSTONE

Formulación avanzada compuesta de minerales naturales (carbonato de calcio y cuarzo) mezclados con resina. La película Gelcoat Premium Maxguard™, con fibras de plástico y polímeros, recubre la superficie proporcionando la durabilidad y resistencia que necesita el uso diario intensivo. Se trata de una superficie sólida con excelentes propiedades físico-mecánicas que ofrece grandes posibilidades de diseño. Su capacidad de moldeo permite reproducir formas con gran precisión y con menores radios de curvatura. Teckstone es muy resistente, compacto y de gran dureza. Al ser un material no poroso y carente de juntas, su mantenimiento es muy sencillo, las manchas se eliminan sin esfuerzo y es de fácil limpieza.

MÁRMOL

Mármol carrara (Blanco mate y brillo). Extraído de las canteras de la Toscana italiana, cada pieza de mármol es diferente y cada piedra tiene sus propias características. Con fondo blanco tiene distintivas vetas de color azul grisáceo claro repartidas por toda la superficie.

Mármol marquina (negro mate y brillo). Elegante y clásico, cada pieza de mármol es diferente y cada piedra tiene sus propias características. Se extrae de las canteras en Marquina (Vizcaya) y se caracteriza por sus vetas de color blanco sobre la piedra negra. Cuantas menos vetas, más apreciado.

Mármol brescia (marrón mate y brillo). Extraído de las canteras de la región de Lombardía (Italia). Considerado uno de los mármoles italianos más suntuosos.

PORCELANA

Producto cerámico que se obtiene a partir de una pasta muy elaborada compuesta por caolín, feldespato y cuarzo. La porcelana es tratada con un acabado final vitrificado que da a la superficie la dureza superficial, color, brillo, no porosidad e higiene idóneos para su uso en el baño. Este vitrificado permite limpiarla con cualquier producto destinado a la limpieza del baño.

FÉNIX®

Material suave al tacto de elevadas prestaciones: reparabilidad térmica de micro-arañazos, anti-huella digital, resistencia a los arañazos, alta resistencia a los disolventes y reflectancia mínima a la luz. Los productos de FENIX® están realizados de papel (más del 60 %) y de resinas termo endurecedoras (30-40 %). Están creados por un proceso de presión en el que el calor y la presión se aplican de manera simultánea para obtener un producto homogéneo no poroso. La estructura del núcleo está compuesta de papel, impregnado con resinas termo endurecedoras. La superficie exterior está tratada con resinas acrílicas de nueva generación, endurecidas y fijadas con el proceso Electron Beam Curing. No requiere ningún mantenimiento especial, solo un paño húmedo con agua templada o detergentes suaves. Para las manchas más comunes es suficiente con limpiar la superficie con agua templada usando un paño no abrasivo. Si los residuos son antiguos o se han endurecido, usar una esponja mágica o un paño suave para eliminarlos. Siempre enjuagar a fondo para eliminar el detergente con agua limpia, preferiblemente tibia. Las pruebas han demostrado que la eliminación de micro arañazos superficiales mediante "esponja mágica" tiene lugar tanto inmediatamente como después de 24 horas.

SOLIDMAT

Un solid surface con un alto porcentaje de cargas minerales naturales. Destaca por su tacto satinado y su durabilidad. Es un material ignífugo, compacto y no poroso, higiénico y resistente. Disponible en blanco mate homogéneo.

INSTRUCCIONES DE LIMPIEZA

Las superficies pueden limpiarse con productos de limpieza líquidos o con agua jabonosa. (Tener en cuenta las instrucciones de uso del fabricante de detergentes). A continuación aclarar con abundante agua y pulir con una gamuza. No utilizar productos de limpieza que contengan ácidos, vinagre o que sean abrasivos. No nos responsabilizaremos si los desperfectos se producen a causa de un manejo inadecuado.

Sales conditions

EXPORT GENERAL SALES CONDITIONS

- 1**

The sales of INDUSTRIAS COSMIC S.A.U. are ruled by the herewith detailed general sales condition and the delivery of any order implies the buyer's acceptance of these general conditions.
- 2**

The products can be modified, replaced or cancelled at any time and all information of any kind included in our catalogues, price lists or advertising materials are indicative.
- 3**

Orders received from customers or through our salesmen are always subject to our previous approval and are considered confirmed unless otherwise specified.
- 4**

No order accepted by INDUSTRIAS COSMIC, S.A.U. can be amended or cancelled without our approval. The customer, as far as he is concerned, cannot return any goods to us without our previous acceptance or consent.
- 5**

Goods will be invoiced in accordance with our current price list at the moment of shipment. The prices are F.C.A. Barcelona for orders above € 1,500; for orders below € 1,500 goods will be shipped under Ex-Works conditions.
- 6**

Unless otherwise agreed, the payment terms are:
-Irrevocable Letter of Credit at sight
-Advanced Bank Transfer
-Cash Against Documents
- 7**

INDUSTRIAS COSMIC, S.A.U. offers 3 years guarantee, in exception of the indicated in the price list, against raw material and manufacturing defects. The guarantee is valid from the time of purchase by the final customer. To confirm the date of purchase, the invoice of the consumer should be provided. The guarantee consists of the replacement of the defective piece that impedes the regular use of the item, except in case of improper use, incorrect assembly or installation, natural wear and tear, improper maintenance or, chemical, electrochemical or electrical influences. We are not responsible for all the damage brought about by misuse or bad installation of the products and won't accept any indemnities for the replacement of defective pieces or any demands for damage.
- 8**

INDUSTRIAS COSMIC, S.A.U. always try to minimize the customer service time and to meet the lead time requirements on our customers' orders as much as possible. In case we cannot satisfy them, customers will be duly advised.
- 9**

Ordered COSMIC products will be delivered under reservation of title in favour of INDUSTRIAS COSMIC, S.A.U. until all payment obligations by the purchaser have been met in full.
- 10**

In case of outstanding payments, the return and bank expenses are on the purchaser's. INDUSTRIAS COSMIC S.A.U. has the right to block all orders accepted as long as the outstanding payments are not sorted out.
- 11**

In case of claims regarding the interpretation or execution of the herewith sales conditions, will be competent the courts of our head office's jurisdiction.
- 12**

COSMIC provides information on the certifications with which we comply as a manufacturer. It is the responsibility of the fitter to know the local certifications required in the relevant country.

Condiciones de venta

CONDICIONES GENERALES DE VENTA EXPORTACIÓN

- 1**
Las ventas de INDUSTRIAS COSMIC, S.A.U. se realizan según las condiciones generales aquí expuestas y la entrega de cualquier pedido supone la aceptación, por parte del comprador, de dichas condiciones generales de venta.
- 2**
Los productos se pueden modificar, reemplazar o suprimir en todo momento y la información de cualquier naturaleza contenida en nuestros catálogos, tarifas o material publicitario es indicativa.
- 3**
Los pedidos recibidos directamente de los clientes o realizados por nuestros representantes en nombre de ellos siempre estarán sujetos a nuestra aceptación. INDUSTRIAS COSMIC, S.A.U. da por confirmados todos los pedidos recibidos y, si no hay notificación específica se entenderán como aceptados.
- 4**
Ningún pedido aceptado por nosotros se podrá retractar ni anular sin nuestra aceptación. El cliente, por su parte, no podrá efectuar ninguna devolución de mercancía sin nuestro consentimiento previo.
- 5**
La mercancía será facturada de acuerdo con nuestra tarifa vigente en el momento del envío. Los precios serán F.C.A. Barcelona para pedidos superiores a 1.500€. Los pedidos inferiores a 1.500€ serán enviados ExWorks.
- 6**
De no existir otro acuerdo, las condiciones de pago serán:
-Letra de crédito irrevocable a la vista
-Transferencia por avanzado
-Contado contra documento
- 7**
INDUSTRIAS COSMIC, S.A.U. ofrece una garantía de 3 años, excepto en los casos indicados en la tarifa, contra todos los defectos de materia prima y fabricación válida a partir del momento de adquisición por parte del cliente final. A fin de determinar la fecha de adquisición será imprescindible la presentación de la factura de compra. Esta garantía consistirá en la sustitución de la pieza que determine su irregular funcionamiento, salvo por razones de uso inadecuado, montaje o instalación incorrectos, mantenimiento indebido, desgaste del uso diario o defectos provocados por reacciones químicas, electroquímicas o eléctricas. La garantía excluye de responsabilidad a INDUSTRIAS COSMIC, S.A.U. de todas las consecuencias derivadas del funcionamiento o instalación de nuestros productos y esta no reconoce ninguna indemnización por la sustitución de artículos defectuosos ni demanda por daños y perjuicios.
- 8**
INDUSTRIAS COSMIC, S.A.U. intenta siempre reducir al máximo los tiempos de servicio al cliente, ajustándose en lo posible a los requisitos de plazo solicitados expresamente en el pedido y, en caso de no poder satisfacerlos, se enviará una notificación.
- 9**
Los productos marca COSMIC, objeto de pedido, se entregarán bajo reserva de dominio a favor de INDUSTRIAS COSMIC, S.A.U. hasta el total cumplimiento de las obligaciones de pago por parte del comprador.
- 10**
En caso de impagados, se incurre en un cargo por devolución, más los gastos de financiación actuales en el mercado. INDUSTRIAS COSMIC, S.A.U. se reserva el derecho de retener los pedidos en curso hasta solucionar los efectos pendientes.
- 11**
Las disputas referentes a la interpretación o a la ejecución de estas condiciones generales de venta pasarán a ser competencia de los tribunales de nuestra jurisdicción.
- 12**
COSMIC aporta la Información de las certificaciones que cumplimos como fabricantes. Es responsabilidad de los instaladores conocer las certificaciones necesarias en cada país.
